

## ACCESSORIES FOR BMW G 310 GS

## STORAGE

### SMALL TOPCASE, 30 L

The waterproof plastic topcase with a volume of 30 litres offers enough space for a helmet. The lid, which is available in Black storm metallic, Light white and Racing red, and the soft-close hinges, which allow the lid to be lowered gently, underline the high-quality appeal.

Only in conjunction with luggage carrier, topcase carrier and corresponding outer shell.  
For information on speed and load limitations, please refer to the operating instructions.  
For more detailed information, contact your authorised BMW Motorrad Retailer or go online at [bmw-motorrad.com](http://bmw-motorrad.com).

1 Black storm metallic

2 Light white

2 Racing red

### LIGHT TOPCASE, 29 L

With a volume of 29 litres, the light topcase offers enough space for a helmet and convinces in everyday life as well as on short tours. The black plastic topcase is lockable, has a large reflector on the rear side and a BMW badge on the lid. The maximum payload is 3 kg.

Only available in conjunction with luggage carrier.  
For information on speed and load limitations, please refer to the installation/operating instructions.

### LINER FOR TOPCASE

Makes loading and unloading a topcase even easier. The liner comes with a practical carry handle and can be folded flat when not in use.

### TANK BAG, 13-20 L

The tank bag made of durable polyester offers many clever details and can be extended from 13 to 20 litres as required. Extra space is available in the map pocket and two exterior pockets. The smart fastener design guarantees a secure hold and extremely functional handling.

Original BMW Motorrad accessories are available from your authorised BMW Motorrad Retailer.

## DESIGN

### DECORATIVE STICKER SET

The decorative "Wild" sticker set is perfectly tailored to the motorcycle and creates an attractive, unique look. High-contrast stripes in black and white run across the entire vehicle, creating a striking image reminiscent of a tiger. In addition, the rim rings of contrasting colour ensure attention.

The decorative G310 GS sticker set is perfectly tailored to the motorcycle and creates an attractive, unique look. Apart from the lines in white, blue and yellow, which accentuate the angular design of the motorcycle, rim rings of contrasting colour attract a lot of attention.

### LED INDICATORS

A shining example: The beautifully designed LED indicators with white turn indicator glass convince with their slim design and modern lighting technology. They respond much faster than incandescent lamps and are virtually wear-free. This provides a clear safety advantage in road traffic.

Please note the specifications for different countries. To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad Retailer.

## ERGONOMICS & COMFORT

### HIGH SEAT

With a seat height of 850 mm, the high seat offers even tall riders a very high level of seating and riding comfort, thus also preventing signs of fatigue.

**High seat**  
Seat height 850 mm

### LOW SEAT

15 mm lower than the standard version, this low seat makes climbing on off easier and keeps the ground within easy reach.

**Low seat**  
Seat height 820 mm

### ADJUSTABLE HANDBRAKE LEVER / CLUTCH LEVER

The ergonomically optimised handbrake and clutch levers can be adjusted in four steps making it easy to attain the preferred grip width. The two-tone look with black powder coating and a chrome-plated adjustment wheel emphasises the individuality of the motorcycle.

#### 1 Handbrake lever, adjustable

#### 2 Clutch lever, adjustable

### SPORT WINDSCREEN, BLACK (NOT SHOWN)

The black-coloured sport windscreen noticeably relieves the wind pressure on the upper body and gives the machine an extra touch of sportiness. This makes it possible to cover stretches even at high speed in a more relaxed manner.

### HEATED GRIPS AND SWITCHES

The three-stage adjustable heated grips keep hands and fingers comfortably warm even on cold days.

For more detailed information, contact your authorised BMW Motorrad Retailer or go online at [bmw-motorrad.com](http://bmw-motorrad.com). To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad Retailer.

Original BMW Motorrad accessories are available from your authorised BMW Motorrad Retailer.

## NAVIGATION & COMMUNICATION

### BMW MOTORRAD NAVIGATOR VI (INCL. 4-BUTTON CRADLE MOUNT)

With the multifunctional Navigator VI, route planning becomes child's play. The system with 16 GB flash memory and a five-inch touch screen always shows the right way, and the waterproof display is easy to read even in direct sunlight. The high-resolution screen provides all the essential information and ensures that you can see the big picture required in every situation. Numerous additional functions make planning and touring an exciting experience. Plan your routes can be created according to your personal preferences and enjoy driving on winding and quiet side roads. The "round trip" option is a good choice on unfamiliar terrain as it will reliably lead you back to the starting point. The Bluetooth connection to the BMW Motorrad communication system and the optional Smartphone Link app enable multimedia on the go: navigation announcements, telephone calls and music streaming as well as the retrieval of weather forecasts or traffic jam information are no problem. Operation is via the stable Mount Cradle; the four buttons can also be accurately controlled while wearing gloves. Choose the pre-installed map data, and you will always be up to date with lifelong, free map updates.

Only in combination with bracket for navigation systems. Please note the specifications for different countries.

### BMW MOTORRAD SMARTPHONE CRADLE

BMW Motorrad's robust Smartphone Cradle provides a safe and protected place for your smartphone. This means that useful functions such as navigation instructions and online information can also be used while you are on the move. Thanks to the handy charging function, your smartphone is always ready for action even on extended bike tours.

Only in combination with bracket for BMW Motorrad navigation systems.

## SAFETY

### HAND PROTECTORS

The hand protector, made of impact-resistant and UV-resistant plastic, also protects the operating elements against branches and stone chips while riding off-road, and is aerodynamically tailored to the vehicle. On the road, the wind and weather protection offered by the protectors is also impressive: hands and fingers stay longer dry and warm even at low temperatures.

### ENGINE PROTECTION BAR

The stainless steel engine protection bars protect the bike without compromising the lean angle.

Both the combination with the standard engine spoiler and with the aluminium bash plate is possible.

### SPRAY GUARD COVER (NOT SHOWN)

The rear-wheel cover with splash protection protects the rear of the vehicle from dirt both on wet roads and off the road, for example when riding through mud puddles. This keeps the rear light and number plate, but also a mounted topcase and other luggage items protected from dirt longer.

### ALUMINIUM BASH PLATE

The robust and lightweight aluminium engine guard effectively protects the lower area of the motorcycle against stone chips and damage, such as when bottoming out. It is wider and longer than the standard engine guard. Its elegant design emphasises the high-quality character of the bike.

## MAINTENANCE & TECHNOLOGY

---

### POWER SOCKET

Electronic devices can be connected to the vehicle electrical system via the 12 V power socket. One example of this is the BMW USB charger, which can be used to charge and operate mobile phones and MP3 players with an appropriate interface while riding.

To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad Retailer.
